### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel McClure on 7/19/07.

The application has been amended as follows:

Claims 2, 4-7, 9, 11-23, 25 and 27-30 have been canceled.

In claim 1, lines 6-7: "the massage plate and pressure board for a substantially" has been replaced with -- the massage plate and pressure board form a substantially --

2. The following is an examiner's statement of reasons for allowance: the primary reason for allowance of the claims is the inclusion of each therapeutic element comprising a massage plate and a pressure board forming a substantially L-shaped cross-section; wherein the pressure board is formed on a top end of the massage plate and further including an air bag covering an upper surface of an instep of a foot such that the instep is firmly pressed downwardly from above by the air bag, thereby preventing the foot from slipping off the massage device, thus effectively stimulating the foot sole.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
